The Madrigal lunch was quite successful with 90 paid registrants. The AGR Room was a good venue for this event. The day trip to Nevada City was also successful. Next year’s Tailgate party will be prior to the Home Coming game. Upcoming events include: Wellness Challenge, Wine Tasting (and aroma challenge) and tour of the Robert Mondavi Institute. Registration forms are available.

h. Video: Breidenbach reported that he and co-chair McCalla are making progress with engaging committee members and distributing assignments to everyone. There is a large and growing list of candidates. John Fetzer is coordinating interviews. Breidenbach is using Google Docs for committee access and communication. He reported that phase 1 of the recovery project for the early VHS tapes has been completed. These have all been digitized. Two copies have been stored on hard drives. Phase 2 will entail reviewing each interview and try to improve the quality of audio and/or video so that an archival DVD can be made. Committee members are reviewing department web pages to see if/how Emeriti/ae are identified there. Executive Committee members were asked to review their academic units for this information, as well. Breidenbach reported that he had a request from Katherine Marr who is interested in copies of Jerry’s interview, as well as the ones for those he interviewed. She is interested in having copies for her family. The Executive Committee had previously determined that copies would be sold for $10 each. The committee is now having interviewers and interviewees sign the campus waiver for these interviews that will be made available on the web. Boorkman will be working with Breidenbach to see if one of the Creative Commons copyright options is appropriate for documenting copyright for these interviews.

10. Continuing Business: Rains reminded everyone that committee descriptions/charges are due to him.
11. New Business:
